

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: Refer to FPA 2413593. This is Phase II of a two-phased SEPA process for the 25 road construction. Phase I SEPA review involved FPA 2412781 and 2412779. Phase II proposal is for 11,276 feet of road construction and 15.5 acres of harvest for right-of-way. The road construction is on unstable slopes with the potential to deliver to typed waters.

Landowner proposes five road design templates to minimize impacts at various stream crossings. On Debris Fan landforms culverts will be oversized 30% relative to the 100-year recurrence interval storm discharge. Soil nails will be used to reinforce a slope if needed.

Proponent: HTVII QRS Trust (DBA: Pinchot)
 31716 Camp 1 Road
 Orting, WA 98360

Location of proposal, including street address, if any: Section 20, 21, 28 Township 16 North, Range 7 East, W.M.

Lead agency: Department of Natural Resources

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

There is no comment period for this DNS

This DNS is issued under 197-11-340(2); the lead agency will not act on this proposal for 14 days from August 17, 2009 Comments must be submitted by August 31, 2009
